Dome Selection Officer
Mandurah & Peel Region

RE: Application for Waiting Staff – Dome, Mandurah & Peel

I am reaching out to express my interest in the advertised role of a front of house team member. I believe that I may be a strong fit for your workplace, and that I have the skills required. Although I do not have a current RSA I am working towards achieving it as soon as possible.

I have a strong interest in working in the hospitality sector, particularly in a café such as Dome Café. I am currently completing Cert I in Hospitality and will continue to Cert II next year while studying year 12. Through this course I have been trained in making various beverages, preparing and cooking food, as well as taking orders, cleaning and hygiene skills, together with other skills that I feel need to be demonstrated and developed with a job in a café environment. Dome café is a fine establishment of which I have enjoyed for many years and would love to become part of your successful team.

While completing Cert I in Hospitality I am required to move around the school and collect orders from staff members, I enjoy doing this as I am a friendly and approachable person. Once orders have been made, I am then required to prepare and serve the beverages. I have received many compliments on my attitude and the quality of my coffees.

Another skill that I have developed is working within a team. During my studies, it is essential to work alongside other individuals to accomplish the common goal of serving customers/staff members. I enjoy working with other people and belonging to a successful team people to accomplish tasks effectively.

I believe that I have the necessary warm and friendly personality required to become an effective member of staff at Dome. I have an interest in being part of a community and meeting new people, both on the team and with customers. If given the opportunity, I will never fail to be a consistent and high-quality asset to your workforce.

Kind Regards,

Oliver Boardman
